

LETTER TO THE EDITOR

Alan Peterson, M.D. received this letter from Joseph W. Hinterberger, MD, FAAFP, PLLC from Dundee, NY. Dr. Hinterberger is an alumnus from the Lancaster General Hospital Family Medicine Residency Program.

January 2, 2008

Alan S. Peterson, M.D.
Associate Director of Family and Community Medicine
Walter L. Aument Family Health Center
317 South Chestnut Street
Quarryville, PA 17566

Dear Al:

It is great to see that you are still keeping hand to pen. I enjoyed seeing your health benefits of coffee in the winter volume of JLGH. I feel very special to know that now there is a journal for my previous training hospital and somehow I feel better about myself when I see the cover. I would make this letter longer but I am trembling from the excessive caffeine intake that I have taken to every since your article and I am having a hard time holding the Dictaphone steady.

My cardiologist and his lawyer will be contacting you soon.

Sincerely,

Joseph W. Hinterberger, M.D., F.A.A.L.P., P.L.L.C.
